Ditch your Stabilisers

We have two sessions of this extremely popular activity available during this half term holiday; providing to be the ideal way for families to get their children riding and with a fantastic success rate, these hands-on sessions for families offer the perfect opportunity to give your children a head start with their cycling.

With support, advice and guidance from our enthusiastic and knowledgeable staff, we provide you with the tools to get your children riding independently without stabilisers and achieve that real land mark moment in their lives that they'll remember for years to come. Please ensure your child has suitable clothing and footwear for the session along with their bike & cycle helmet that fits.

Children must be accompanied by an adult who must participate in the session. Please note this session is outside.

MOBILE PHONES

Please can we ask all children to keep mobile phones / tablets at home or in their bags during our Be Active sessions. As part of the registration process, our coaches ensure we have contact numbers for all parents/guardians, so should we need to contact you at any stage during the day, we are able to do so.

PACKED LUNCHES

Active Sefton encourages children to eat a healthy balanced diet and get active. Just like our schools in Sefton, we ask that you try and make healthier lunch choices and do not give your children chocolate, sweets, cakes or fizzy drinks. Below are some ideas to help you pack up a healthy lunch box for your child to bring with them to our school holiday camps.

- Swap white bread for wholemeal bread for sandwiches.
- Swap fizzy and juice drinks for water.
- Swap high sugar and high fat products such as chocolate, sweets, cakes and crisps for fruit, sugar free jelly and plain popcorn.
- Include some chopped up vegetables as a snack with a low calorie dip such as hummus.
- This lunch box guidance is intended to help children develop and practice healthy eating habits. A nutritious meal at lunch time can help children, concentrate and increase their energy levels and performance. Give some of the swaps a try!
